The Shaftesbury election resulted in the return of Mr. Benuett Stanford, the Conservative candidate, by a majority of 69 over his Liberal competitor, Mr. Danby Seymour. An unusually large proportion of the constituency voted on this occasion.

Dominion Mail Summary.

HALIFAX, Sept. 24.

The great Brown-Biglin boat-race, after a series of postponements very trying to the eager thousands congregated to witness the contest, came off this afternoon. It was a splendid match, well rowed on both sides, and perfectly fair in every respect, but, Biglin couldn't stand the long, steady stroke of his antagonist; and so Brown came in 30 seconds and about two hundred feet ahead, amid the deafening cheers of the twelve or fifteen thousand persons present.

The excitement here to-night over the result of the race is intense. A large sum of money has charged hands, there being fully $7,000 worth of pools sold, besides innumerable private bets.

Brown's time is believed to be the fastest on record. His friends are jubilant and talk of sending him to England to rowagainst Saddler, by whom he was beaten in the aquatic carnival of 1871, and who declined to accept the challenge subsequently issued by Brown.

OTTAWA, Sept. 20.

The printers' strike ended to-day, by the unconditional surrender of the union men.

The *Free Press* renews the rumor about the appointment of Mr. Masson to the position of Minister of Militia.

The same paper thinks that if the fourteen Conservatives who signed the Memorial against prorogation on Aug. 13th, adhere to the position then taken, a readjustment of parties will become inevitable.

QUEBEC, Sept. 20.

The Quebec Cabinet has decided to postpone the session of the Local Legislature.

It is understood the Governor-General and family will leave for Ottawa about the 15th proximo.

Lord and Lady Inverurie, who have been the guests of the Governor-General, left town to-day *en route* for the Pacific.

The Rev. Dr. Smith, Dean of Canterbury, left by train last evening for Montreal.

LONDON, Sept. 26.

The Provincial Exhibition was brought to a successful close to day. The Treasurer's books show the receipts during the Exhibition to have been $16,120.

This sum represents a total of 64,480 visitors which is about 2,000 less than in 1869, when Prince Arthur and Lord Lisgar visited the Fair.

HALIFAX, Sept. 24.

P. E. Island papers report that the wheat crop throughout the Province is better than it has been for some years. Oats are a fair crop, and potatoes and other roots good.

From returns recently published we learn that the total value of our imports into Newfoundland for last year was $6,716,068, and that of our exports $7,166,413, leaving a balance in our favor of $450,375.

MONTREVL, Sept. 24.—The Northern Colonization Railway is a fizzle. After a month's work one-third of a mile has been graded on the Beaubien estate; eighteen men are employed this week.

FELL'S COFFEE, superior to any other manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony. * *

Cowichan Agricultural Show.

The Sixth Exhibition of the Cowichan Agricultural Society took place at Maple Bay on Wednesday, and was very successful—far more so than last year's exhibition. The weather was fine, the attendance large, the interest manifested very great, and the whole affair very creditable to the district. We observed a large number of ladies on the ground, many of whom were exhibitors. Amongst the Judges we noticed A. C. Anderson, Esq., of Saanich, Charles Todd, Esq., M. P. P., and Fred. Foord, Esq., J. P., of Salt Spring Island. In Stock there seemed still room for improvement, but the roots and vegetables could not be surpassed in the Province. The butter as usual was excellent. Out of about a dozen samples the Judges had great difficulty in deciding which was best. The show of fruit was large and good, particularly the apples from Mr. Mitchell's, of Salt Spring, and the pears and peaches from Mr. Copeland, also of Salt Spring. The dinner was provided by Mr. Beaumont of Maple Bay. Since last year the Committee have erected a fine shed for cattle in the yard, and very much improved the interior of the Hall. The Committee were untiring in their efforts, and we greatly fear that next year Victoria will have to yield the palm to Cowichan in the matter of Agricultural Shows. We must thank W. Hy. Lomas, Esq., Secretary of the Society, for the following copy of the

McMullen Contradicted.

The Toronto *Mail* gives the following:

Besides the score or more of instances already noted in which G. W. McMullen's statements have been flatly contradicted, there are a few in the evidence of Sir Hugh Allan and Mr. Abbott, published yesterday. No. 1 thus runs, Sir Hugh being on the stand:

"Q. Mr. McMullen states that you prepared a memorandum setting forth all the telegrams, correspondence and everything connected with the Pacific Railway, and threatened the Government to publish it, and that then they came to your terms. Is there any truth in that?

A. None whatever.

Q. Did you ever make any communication approaching to it?

A. None whatever.

Q. It is altogether a falsehood?

A. Entirely."

No. 2, Sir Hugh still on hand:

"By Sir John Macdonald—There is a statement by Mr. McMullen that I sent you a telegram stating that you had 'a big thing and must shell out.' Did you ever get such a telegram?

A. I never got such a telegram.

Q. Or anything like it?

A. No; nor anything like it."

No. 3, voluntarily made by Mr. Abbott:

"I remember a statement which appear in a Chicago paper, said to have been made by Mr. McMullen to some newspaper editor there respecting an agreement which he says was subsequently executed---subsequent to the 30th July---and he mentions a circumstance which he appears to think confirms his position. He says it was written by three clerks in my office so that none of them might know its contents. No such agreement was prepared or written."

This is the witness whom Messrs Blake and Dorion and the Montreal *Herald* and Toronto *Globe* strove so hard to have examined without being put on oath. The Grits ought to be proud of their *protege* and creature.

DEATH OF MR. M. MOORE. — Mr. M. Moore, one of our earliest and most esteemed residents, died yesterday morning, after a lingering illness, leaving a widow and two children disconsolate at his loss. Mr. Moore was a resident of the Province since 1858, having been actively engaged in the drug business for 15 years in this city. He was known throughout the length and breadth of the country as a man of the soundest Christian morality, and the very soul of honor. He was a kind husband and father, a good citizen and a staunch friend. The departure of such a man is a public loss that cannot soon be replaced. The funeral will take place from the late residence of deceased at 9½ o'clock, and from St. Andrew's Cathedral at 10½ o'clock on Monday morning. The flags on the American and Oriental Hotels and on the Deluge Engine house were set a half-mast yesterday. The Deluge house is also draped in mourning.

LAND AND MINING LAWS.—The constitutional, the criminal and the common law of England or rather their spirit rule supreme in this Province, with one great divergence, however. This occurs in the land tenure and in the mining laws. The only landlord here is the Government, the tenant the preemptor, and to the latter every inducement should be offered of himself becoming a landlord. The precious metals are farmed out to the mining community on the most liberal terms, vide mining laws. In this respect we might improve from the example of Uncle Sam, and allow each mining camp to provide its own laws and regulations—to govern by its own elective mining boards unencumbered by gold commissioners. The chairman of each mining board might then act in that capacity. Such an attraction in our mining laws would further develope the spirit of local self Government, so necessary to the well being of an Anglo Saxon community.

SNEAKING JOURNALISM.---Referring to an article in the Mainland *Guardian*, in which members of the present Government are blamed for abolishing the Road Tolls, our local contemporary takes occasion to assert that it constantly finds 'like arguments used in almost every issue of the *Colonist* and *Guardian*." Now, we have nothing whatever to do with the *Guardian;* nor will it require any help from us in order to hold its own against the organ; but we venture to think it would be more manly of our contemporary to meet any arguments appearing in this Journal in the usual way, instead of hitting at us over the shoulder of another in this cowardly manner. Finding our arguments unanswerable, the organ probably considers this mode of attack more convenient.

THE MAINS.—The reader may not be altogether prepared to hear that pipes made of sheet-iron and coated with a preparation of asphaltum are more enduring than cast-iron ones. They possess the additional recommendation of being very much cheaper. It is intended to have the mains for Victoria Water Works of this kind; but whether they will be made up in San Francisco or Victoria has not been finally decided, although it is settled that a margin in favor of home manufacture will be left. Better pay considerably more, if necessary, to have the work done here and the money kept in the country.

GEORGE LUXON, late of North Saanich, died at sea on board the steamship City of Montreal, while on the way from New York to England, on the 1st of September last, and was buried at sea. A letter from Mrs. Richard Hall of this city, who was a passenger on the same steamer, says that the officers of the steamship found £8,000 in drafts and £100 in gold among the dead man's effects.

MARRIED.—We are glad to announce the marriage of our old friend, H. L. Jones, Esq., (of Langley and Co.,) to Miss K. Thorpe, of London, England. The ceremony took place at San Francisco, and Mr. Jones and his bride will arrive by the next steamer.

Clarke, arrived yesterday evening at 5.30 o'clock, with the following passengers: Mrs. Bryden, Miss Olden, Captain Egerton, Bulkley, Prevost, Schillitto, Emanuel, Buck, Smith, Peacock, Turner, and McNeigh. The ship Constitution is loaded and ready for sea. She brings 15 tons of coal for the Government buildings, and also some agricultural produce. She found one of the Fraser river bouys at Jarvis Inlet.

PASSENGER LIST.—The following passengers are booked by the steamship Prince Alfred; S. Tingley and son, Mrs. A. M. Nelson and infant, Mrs. Learned and infant Mrs. Wright, Miss E. Ballie, L. P. Smith, Mrs. M. H. Fowler and 3 children, F. Vergett, M. Wilzinski, E. Dewdney, J. S. Thompson, H. Nelson.

DEATH OF J. R. STEWART.—Many in this community will hear with regret of the death of J. Robertson Stewart, for many years a resident of Victoria. The sad event took place in Scotland, on the 17th ultimo. A telegram was received yesterday announcing the sad event.

COLUMBIA FISHERIES.—From the Kalama *Beacon* we learn that 12 salmon canneries will be in operation on the Columbia next season, some of them with very large capital. Two brothers from Baltimore named Booth (S. & G.) are said to contemplate a heavy investment in the business.

GROCERIES, WINES AND SPIRITS.—Attention is directed to the advertisement of Mr. John Boyd, who, on Thursday next, will open a store for the sale of these commodities on Johnson street adjoining Patrick's Corner ***

New Life for the Languid.

Perfect health is vouchsafed to few. Probably ninety people of every hundred who call themselves healthy have their 'turns' of languor, exhaustion, depression of spirits and bodily pain. At these times a wineglassful of Hostetter's Stomach Bitters is as refreshing as "the shadow of a rock in a weary land." It invigorates and rests the system and cheers the mind. The effect of the Bitters in cases of nervous debility, produced either by undue physical exertion, overstudy, intense anxiety, or any other cause, is wonderfully reviving and invigorating. In fact, this healthful vegetable restorative possesses medicinal properties which entitle it to the rank of an article of prime necessity, and it should be kept on hand in every dwelling, and promptly taken as a remedy for all the minor ailments as well as for more serious complaints.

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded who used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared at his premises on Government street, and sold by all the principal dealers. ***

The Claimant's Hair-Dresser.

An Amusing Episode in the Tichborne Trial.

The Ticborne trial continues to be diversified with very interesting scenes. Almost every day the sober testimonies of the witnesses, who swear that the defendant is Sir Roger, are varied with some comic episode, like the one given below. The witnesses whom Dr. Kenealy bring into court in behalf of his client are some of them very amusing people. It had been frequently hinted or charged on the other side that the defendant's hair had steadily grown darker since he first began to show himself in England, the theory being that it had been colored to make it appear like that of the real Sir Roger. To disprove this charge, Dr. Kenealy introduced the defendant's hair-dresser, one William Parks Attwell, who was cross-examined as follows by Mr. Hawkins:

In April, 1868, I think you said your acquaintance with the defendant commenced?—Yes.

Did you dress his hair regularly in 1868.—Not regularly.

I suppose you have a bill against him?—I have accounts.

Have you got your accovnt books here?—No, sir.

I should like you to refer to that?—I don't know that I could give you an account from 1868, because the claimant paid regularly at times at the counter.

Did you put it down in a book? I could give you my first account. That would probably run somewhere in November, as near as I can tell.

But I suppose you put down the things you supplied him with?

Dr. Kenealy—That assumes that he did supply him with things?

Witness—It was entered, of course, when he did not pay.

Mr. Hawkins—Did you supply him with any hair-washes; or anything of that sort?

Witness—Yes, sir; and, invariably, it was paid at the counter.

You did supply him with hair washes and oil, then?

Yes, sir. Well, when you say oil, I cannot say oil. If I had my young lady here, probably I could put a question to her as to what was sold, and let you know.

Justice Lush—Don't you yourself know what was sold?

Witness—Yes; but I would not trust to my memory as to what I sold in that year, unless I referred to the accounts.

Mr. Hawkins—Do I understand that you personally cut his hair, or was it one of the men in your employ?

Witness—When he first came, my men attended him occasionally in turns; but during the last three years, I think I can safely say I have attended him myself, at my own house.

That would take us to the autumn of 1870? Yes, so far as my knowledge is concerned.

Towards the end of 1870 did you attend him more frequently than during the earlier part of his residence in England?—Yes, more frequently.

In 1868, how often did he come to have his hair cut or dressed?—Probably about once a month; for if he was shaved, I should, of course, attend him more frequenlly.

I am sure you will answer me candidly and fairly. What I want to know is, whether he was more particular about his hair after 1868 than before? No. sir

Cut oftener—No, sir.

Did you dress it in 1868, except when you cut it? I can understand—you cut the hair and washed it and brushed it and put something on it?—Yes, Mr. Hawkins that is it, just as you describe it. [Laughter.]

We have all had our hair cut and you put on whatever we prefer—some like it and some don't?—That is it, sir. I thank you for that assistance. [Laughter.]

No, no. [Laughter.] I was only endeavoring to see if my experience in hair-cutting was correct. [Renewed laughter.] Well, in 1868, you cut and brushed up his hair?—Yes.

In 1869, did he have his hair cut or dressed more often?—No.

In 1870 you saw him oftener.---More often.

How often in 1870? Do you think once a fortnight?—If you tell me what time the trial commenced in the Court of Common Pleas then I think I can fix it.

Mr. Hawkins—In the early part of the month of May.

Witness—Yes, sir, I attended him before that. Shall we say a year. [Laughter.]

Mr. Hawkins—If you like, I have no objection. Let us say twelve month. Was it a year?

Witness—Yes, sir. Let us say a twelvemonth.

Mr. Hawkins—Us? That is you.

Witness—Oh, very well, sir. I beg your pardon.

Then it was attended to every day? If he was out of town of course I could not attend him.

Mr. Hawkins---Oh, of course.

Mr. Justice Lush---Did you attend him every day for twelve months before the trial—Yes, my Lord.

Mr. Hawkins.---Did I understand you to say you dressed his hair every day?---No; shaved him and then dressed his hair.

The Lord Chief Justice---Every day?---Yes, my Lord; and I cut his hair when he required it, and dressed it probably every day.

What do you call dressing it? Putting some wash on and dressing and displaying it to the best of my ability, for the day.

Mr. Hawkins---I have no doubt you did it uncommonly well.

Witness---Well, sir, I have had twenty-eight years' experience at the West End.

Mr. Hawkins---And you and others have profited by the experience. [Laughter.]

Witness---I thank you very much, sir. [Renewed laughter.]

You displayed it, you say, to the best advantage?---Yes, sir.

Put a little wash on and a little grease, eh?---Well, sir, you use the word grease. [Laughter.]

Mr. Hawkins---I beg your pardon, I assure you I did not use it in an invidious sense. Shall we say oil?

Witness---My Lord, I can best answer Mr. Hawkins' question by showing you what I do put on. [Much laughter.]

The witness then opened a small bag and produced a small bottle of amber colored fluid; which, amidst great laughter, he handed to the Lord Chief Justice.

The Lord Chief Justice—What this?

Witness—It is a compound, my Lord, called "Eukrasia." Perhaps your Lordship would look kindly at it. [Laughter.

The Lord Chief Justice—The label says: "It is an elegant preparation introduced for ladies and gentlemen's hair, which forms a stimulant and medicinal dressing and pomade; which does not soil the gloves or linen, and gives a beautiful gloss to the hair." You ought to buy a bottle, Mr. Hawkins. [Much laughter.]

Mr. Hawkins---Perhaps, my Lord, he would try it on this gentleman (Mr. Bowker.) [Great laughter.]

Witness---I bought the bottle, my Lord, to present to Mr. Hawkins, to try it on himself if he wished it. [Roars of laughter.] I assure you, Mr. Hawkins, I mean nothing disrespectful.

Mr. Hawkins.---I am sure of that.

Witness---I will tell you what it is composed of, if you like.

Mr. Hawkins---Oh, no; I would not have you disclose the secret for the world [laughter], but I have got a hint or two. [Renewed laughter.]

Witness---I wish to show you, sir, if you put it on your hair---I do not know though, whether you have any. [Shouts of laughter, in which their lordships, the learned counsel and the defendant heartily joined].

Mr. Hawkins---I have very little.

Witness---Oh, well, in the absence of that, if you put it on your wig [roars of laughter] it will not discolor it.

Mr. Hawkins---The wig is pretty well hardened, I can assure you. However, you used that elegant compound on the defendant?

Witness--- I used it every day, that is to say, I used it when I attended him.

Medical.

FRENCH MEDICINES.

Prepared by

GRIMAULT & CO.,

Pharmaceutical Chemists,

8, Rue Vivienne,

PARIS.

OF ALL THE MEDICINES OFFERED TO the public for many years past, none have met with such favorable reception, or as been so generally approved by the Medical Profession as those prepared by Messrs. Grimault & Co.

The model Laboratories of this firm, situated at Neuilly-sur-Seine, and managed by Dr. Leconte, Professor in the Faculty of Medicine, ex-Pharmacist of the Hospitals of Paris, and formerly Assistant to Dr. Claude Bernard, Professor of Physiology at the College of France, offers guarantees to be found in no other establishment.

Among other preparations we may specially mention:—

Leras' Liquid Phosphate of Iron.

It contains the constitutive elements of the bones and of the blood, add is the most rational of all chalybeates. It may be prescribed for the most delicate young females whose development has been retarded; for women suffering from stomach complaints, anæmia; for pale and sickly children deprived of appetite; and as its principal action is to restore to impoverished blood the iron in which it is deficient, and to the bones the phosphate that forms their base, it is recommended for debilitated persons whether their debility proceeds from disease or from any other cause. Its use is always attended with surprising results.

GRIMAULT & CO.'s
Syrup of Hypophosphite of Lime.

An excellent remedy for all affections of the chest; it relieves coughs, effectually prevents nocturnal perspiration and restors the patient's strength. This syrup is the only one which, ever since 1857, has invariably been attended with satisfactory results—a fact due to the purity of the hypophosphite employed. Be sure to observe that it bears the signature of Grimault & Co.

GRIMAULT & CO.'s
Iodized Syrup of Horse Radish.

Considered the best substitute for Cod-liver Oil. It has been ascertained by experiments made in the principal Hospitals of Paris that this syrup has always produced results superior to those obtained from the above-mentioned Oil, which patients find so disagreeable to take.

Not a single instance can be adduced in which pale lymphatic children, subject to swelling of the glands, to eruption of the skin, of the head or the face, or other inconveniences of a weak constitution, who have taken this syrup without deriving signal benefit from its use.

GRIMAULT & CO.'s
Pepsine Digestive Powders, Pills, Elixir and Wine.

Pepsine is one o the most recent scientific discoveries in therapeutics. Acting chiefly on the organs of digestion, it possesses the property of effecting digestion by its innate virtues. It removes all the inconvencies of difficult digestion and even prevents the nausea to which pregnant women are liable.

The researches on pepsine made at the College of France by Dr. Leconte, in conjunction with Professor Claude Bernard, must secure the preference for our preparation of pepsine.

Lagasse's Syrup and Paste of Sea Pine Sap.

Employed with success in the treatment of catarrh, bronchitis, hæmoptysis, and the different stages of phthisis.

It cures spitting of blood, the most obstinate coughs, alteration of the voice, oppression and pains of the chest, the nocturnal paroxysms of asthmatics, and modifies the more serious lesions of the respiratory organs.

GRIMAULT & Co.'s
Matico Injection and Capsules.

Composed of the essence extracted from the plant so called, they have been constantly employed with the most brilliant success in a certain class of contagious diseases.

They combine extraordinary efficacy with the advantage of never causing nausea, eructations, or pains in the stomach, as do the gelatinous capsules which contain Balsam of Copahu in a liquid state; or the strictures that result from the use of injections having a metallic basis.

GRIMAULT & Co.'s
Pectora Lozenges of Lactucarium and Cherry Laurel.

This delicious comfit, containing the two most soothing substances of the whole Materia Medica is employed with success against coughs, influenza, bronchitis, hooping coughs, &c.

Asthma. Asthma.
GRIMAULT & Co.'s
Indian Cigarettes of Cannabis Indica.

All the means hitherto employed to relieve Asthma have been only palliatives in varied forms, based on belladona, stramonium, nicotiana, or opium. Recent experiments made in the Paris Hospitals have proved that our Cigarettes made of the extract of Indian Hemp possess remarkable virtues against this complaint, as well as against nervous coughs, chronic laryngitis, hoarseness, loss of voice, facial neuralgia, and insomnia.

Grimault & Co.'s Guarana.

A single powder of this vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa, dysentery, and all disorders proceeding from derangement of the stomach or bowels. This powder is indispensable for all families, and far more efficacious than opium or sub-nitrate of bismuth.

GRIMAULT & Co.'s
Vermifuge Santonime Dragees.

Under the form of a comfit, equally pleasing to the taste and to the eye, they supply mothers with an easy and perfectly safe means of relieving their young children from intestinal worms, which are often the cause of convulsions.

Paleness of the skin and frequent irritation of the nose are nearly always the certain signs of the presence of worms. Preference ought always to be given in such cases to these dragees, the composition of which is well known and always the same, instead of those which are called vegetable, but often contain calomel or other forms of mercury.

GRIMAULT & Co.'s
Newfoundland Cod Liver Oil, and Cod Liver Oil, with Iodide of Iron.

☞ The Cod-liver Oil which we offer to the profession and the public is especially extracted for our house in Newfoundland, and we can therefore guarantee its altogether exceptional purity.

Our Newfoundland Oil with Iodide of Iron, which contains in every tablespoonful two grains of pure iodide of Iron, is a valuable resource in lymphatic and scrofulous affections, as also in consumption.

Debentures.

Applications will be received at the office of the undersigned until the 21st day of July for the SECOND ISSUE of Water Works Debentures, and should application be made for more in amount than the issue authorized by the Act, they will be distributed pro rata.

The Debentures will be issued at par as follows, viz:

$10,000.....On 15th May, 1873;
15,000.....On 1st August, 1873;
75,000.....On 1st April, 1874;

Payable in Twenty-five years from the date thereof.

The Corporation of the City of Victoria having the right to repurchase from time to time the said Debentures, for the purpose of withdrawing the same from the market, the numbers of the Debentures so to be repurchased shall be decided by a ballot, of which One Month's notice shall be given, by publication in the Government Gazette or in one or more of the local newspapers. The Debentures will bear interest at the rate of Seven per cent. per annum, payable Half-yearly, and Coupons will be attached to each Debenture for said Interest, which shall be paid on presentation as they become due.

The Security offered for Repayment of Debentures is as follows:

A preferential Lien will be given on all works to be erected, also upon the land and other property acquired for Water Works purposes, and on the Revenue (amounting to about fifty thousand dollars per annum) which the Corporation have the power to raise under the Municipality Act, 1872, and the Municipality Act Amendment Act, 1873, the Road Ordinance, 1869, and the Road Amendment Ordinance, 1870. Ample security is thus given to those wishing to invest in Debentures.

A deposit of Ten per cent. on the amount of Debentures applied for will require to be paid into the Bank of British North America to the credit of the Water Works account, a receipt of said deposit to accompany the application, and on the Debentures being issued, they will be placed in the said Bank and handed over to the party who procure the Water Commissioner's Certificate of his being entitled to receive the said Debentures on his paying the full equivalent as mentioned in said Certificate; and in the event of the Debentures not being fully paid for on the day of issue abovementioned, the deposit of the Ten per cent. shall be forfeited to the use of the Water Commissioner for Water Works purposes.

Mr. F. W. Green, C. E., has been appointed by the Corporation as Engineer of the works to be constructed. The proposed Works consist in bringing water from Elk and Beaver Lakes into the City of Victoria, a distance of between five and six miles, and present no Engineering difficulties in carrying out the undertaking.

Forms of application for Debentures, with Bank Deposit Receipt attached, as well as any further information that may be desired, can be had by application personally or by letter addressed to the Commissioner

THE GREAT FAMILY WEEKLY
THE CHRISTIAN UNION,

AN UNSECTARIAN AND INDEPENDENT Journal, devoted to Religion, Morals, Reform, News, Literature, Music, Science, Art, Agriculture, Trade, Finance, etc., etc., (24 pages quarto) and containing household stories, choice poems, tales for children, etc., embracing contributions from all known and eminent writers, **Henry Ward Beecher,** Editor, and containing his **Lecture Room Talks and Star Papers,** as well as his powerful editorials and occasional reviews, and he is assisted by an able staff of skillful and experienced journalists, while the contributions embrace well known and eminent writers **from every Evangelical Denomination,** and the most distinguished authors of literary circles in England and America. While its literary attractions are unsurpassed it has the **largest circulation in the world** of its class, and most widly quoted.

MR. TUCKFIELD is Agent for for Messrs. J. B. Ford & Co., the publishers, who will wait upon the citizens and show the **Supurb French Oleograph** entitled "Little Runaway and her Pets," the premium presented to every subscriber. The picture is a fac simile of a $1200 oil painting by Lubrichen, the latest and most brilliant work of that great French painter au28

DIAMOND SPECTACLES

THESE SPECTACLES ARE MANUFACTURed from **"Minute Crystal Pebbles"** melted together and are called **Diamond** on account of their hardness and brilliancy.

It is well known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye because of their polarizing light.

Having been tested with the polariscope, the diamond lenses have been found to admit 15 per cent. less heated rays than any other pebble.

They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Company.

For sale by responsible agents throughout the Union.

J. L. Jungerman,
JEWELER AND OPTICIAN, IS SOLE AGENT FOR VICTORIA, V. I.,

From whom they can only be obtained. No Pedlars employed.

The great demand for these spectacles has induced unscrupulous dealers to palm off an inferior and spurious article for the Diamond. Great care should be taken to see that the trade mark <> (which is protected by American Letters Patent), is stamped on every pair. se6
